

TexVoIP Broadband Internet

Broadband Internet that fits your budget.

Accelerate your business

Speed and reliability. You need an Internet connection that you can depend on 24x7, without breaking your budget.

TexVoIP Broadband Internet takes you where you need to go with highspeed, cost-effective Broadband Internet for all your business communication needs. Move large files, stream multimedia and make web-enabled presentations.

Connectivity simplified

Built upon the trusted TexVoIP IP-based network, TexVoIP Internet Access delivers always-on access at a fraction of the cost of T1-based services. Connecting is simple.

PCs and devices access the IP backbone using a Wi-Fi modem or router connected to a broadband network, and can achieve up to 75 Mbps speeds.

Protection and reliability

With TexVoIP Broadband Internet, staying in touch with colleagues, staff, partners and customers is fast and easy. You also gain robust virtual private network connectivity to protect your data, backed by the TexVoIP 24x7 customer care promise.

Potential benefits

- Boost productivity with high speed “always on” connectivity
- Improve data security that extends to remote offices
- Tighten communications with co-workers and customers
- Keep costs in check with dedicated Broadband Internet

Features

- Built on the trusted TexVoIP IP backbone
